BEFORE OPERATING THIS PRODUCT, READ, UNDERSTAND, AND FOLLOW THESE INSTRUCTIONS.
Be sure to save this booklet for future reference.
SAFETY INSTRUCTIONS

| The Lightning flash with arrowhead symbol, with an equilateral triangle is intended to alert the user of the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons. |
| CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL. |
| The exclamation point within an equilateral triangle is intended to alert the user of the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance. |

**WARNING**: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THE APPLIANCE TO RAIN OR MOISTURE.

SAFETY INSTRUCTIONS

1. **Read instructions** - All the safety and operating instructions should be read before the appliance is operated.
2. **Retain instructions** - The safety and operating instructions should be retained for future reference.
3. **Head Warnings** - All warnings and cautions on the appliance and in the operating instructions should be adhered to.
4. **Follow instructions** - All operating and use instructions should be followed.
5. **Water and Moisture** - The appliance should not be used near water, e.g. near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement, or near a swimming pool or the like.

6. **Ventilation** - The appliance should be situated so that its location or position does not interfere with its proper ventilation. For example, the appliance should not be situated on a bed, sofa, rug or similar surface that may block the ventilation openings, or placed in a built-in installation, such as a bookcase or cabinet, that may impede the flow of air through the ventilation openings.

7. **Heat** - The appliance should be situated away from heat sources such as radiators, heat registers, stoves, or other appliances (including amplifiers) that produce heat..

8. **Power Sources** - The product should be operated only with the type of power supply indicated on the marking label.

9. **Power-Cord Protection** - Power supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to cords at plugs, convenience receptacles, and the point where they exit from the appliance.

10. **Nonuse periods** - The power cord of the appliance should be unplugged from the outlet when left unused for a long period of time.

11. **Object and Liquid Entry** - Care should be taken so that objects do not fall and liquids are not spilled into the product case through product openings.

12. **Damage Requiring Service** - Unplug this product from the wall outlet and take it to qualified service personnel under the following conditions.
    a) When the power-supply cord or plug is damaged.
    b) If liquid has been spilled into, or objects have fallen into the product.
    c) If the product has been exposed to rain or water.
    d) If the product does not operate when used according to the operating instructions.
    e) If the product has been dropped or damaged in any way.

13. **Servicing** - The user should not attempt to service the product beyond that described in the operating instruction. All servicing should be referred to qualified service personnel.

---

**CAUTION**

Invisible laser radiation will be emitted when the product is open and interlocks are defeated. Do not defeat the safety interlocks.

USE OF CONTROLS, ADJUSTMENTS, OR PERFORMANCE PROCEDURE HERETIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.
Power Supply

Operating the player on AC power

Insert one end at the supplied power cord to the AC IN Jack located at the rear Of the rear of the unit and the other end into the Wall outlet.

NOTE:
WHEN THE FIRST TIME USED THE CORD HAS TO BE FIRMLY PUSHED INTO THE SOCKET IF IT DOES NOT WORK ON AC, TO TRY AGAIN TO BE SURE FOR A POSITIVE CONNECTION.

OPERATION the player on batteries

1. To play your unit on batteries, the AC power cord must be disconnected From the player.
2. Unplug the AC power cord from the unit and insert eight size C/UM-2 Batteries (not provided) in the compartment.
3. Close the battery compartment door.

Note:
Check your batteries regularly. Old or discharged batteries should be replaced. If the unit is not to be used for sometime or is being run exclusively on AC electrical current, remove batteries from the battery compartment to avoid leakage.

WARNING:
Keep batteries away from children and pets. Do not discard batteries in fire, as explosion may occur.

RADIO OPERATION

Radio reception

1. Slide the TAPE/AUX/RADIO/CD selector to RADIO.
2. Slide the BAND selector to a desired setting – AM/ FM ST./FM MONO
3. Rotate the TUNING control to find the desired stations.
   NOTE: If the BAND selector is set to the FM stereo position and once you have tuned to an FM stereo
station, the FM stereo LED indicator will light.

For better reception
- For FM, pull out the telescopic antenna. Incline and turn the antenna. Reduce its length if the signal is too strong (very close to a transmitter).
- For AM the set is provided with a built-in antenna so the telescopic antenna is not needed. Direct the antenna by turning the whole set.

Handle a disc only by its edges. Do not touch the surface or rainbow-colored side of the disc.

Handle a disc as shown in the two illustrations indicated (to the left).

Use a soft cloth to wipe a disc clean. Do not use benzene, thinner, or other chemical cleaners to clean the disc as damage may result.

Do not expose a disc to direct sunlight, high humidity, or high temperatures for extended periods of time. Do not place the disc on other equipment or near any heat source.

CD SECTION

Playing a CD
This CD-player can play Audio Discs, CD-R.
Do not try to play CD-ROM, VCD, DVD or computer CD.
1. Adjust the TAPE/AUX/RADIO/CD selector to CD.
