MODEL NO. iP9844

DVD PLAYER DOCKING STATION FOR iPod VIDEO

INSTRUCTION MANUAL

PLEASE READ BEFORE OPERATING THIS EQUIPMENT
Warnings and Precautions

TO PREVENT FIRE OR HOCK AZARDS, DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE.

⚠️ This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of un-insulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

⚠️ This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Any use of the controls or an adjustment to the procedures other than those specified herein may result in hazardous radiation.

CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.

To reduce the risk of electric shock, do not remove cover (or back). There are no user-serviceable parts inside. Please refer any servicing to qualified service personnel.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

# Features Defined

1. **REMOTE SENSOR**: Using remote control pointing at the remote sensor window to control the unit.
2. **TFT PANEL**: Show the video / picture in the TFT panel.
3. **POWER ADAPTER JACK**: To connect power adapter.
4. **POWER INDICATOR**: If use power adapter, the indicator will be light.
5. **BATTERY COMPARTMENT**: Rechargeable battery (LI-POLYMER 7.2V)
6. **STANDBY BUTTON**: Press the button between standby and power on mode.
7. **VOLUME DOWN BUTTON**: Press to decrease the volume sound.
8. **VOLUME UP BUTTON**: Press to increase the volume sound.
9. **AV BUTTON**: Press to select AV mode.
10. **DVD BUTTON**: Press to select DVD mode.
11. **DVD COMPARTMENT DOOR BUTTON**: Press to open DVD door and insert a disc.
12. **IPOD BUTTON**: Press to select iPod mode.
13. **SKIP BACKWARD BUTTON**: Press to select previous track.
14. **STOP BUTTON**: To stop the playback.
15. **PLAY/PAUSE BUTTON**: Press to play / pause the unit.
16. **SKIP FORWARD BUTTON**: Press to select next track.
17. **SUBTITLE BUTTON**: Press to turn on DVD subtitles.
18. **REPEAT BUTTON**: Press to repeat mode.
19. **ENTER BUTTON**: Press to confirm a choice, or select an option on one of the setup menus.
20. **TFT OFF BUTTON**: Press to off the TFT screen.
21. **WIDE SCREEN BUTTON**: Press to select wide screen DVD output.
22. **AUDIO BUTTON**: Press to select the audio channel.
23. **REWIND BUTTON**: Press to select fast reverse playing.
24. **FAST FORWARD BUTTON**: Press to select fast-forward playing.
25. **IPOD COMPARTMENT**: Insert iPod to playing.
26. **IPOD COMPARTMENT OPEN SWITCH**: To move up the iPod compartment and insert an iPod.
27. **DVD COMPARTMENT**: Insert a DVD disc.
28. **POWER ON/OFF**: Slide the switch to select power on or off.
29. **PHONES**: Connect a headphone or earphone.
30. **AUDIO IN/OUT**: Use the AUX-OUT jack to connect other audio device to the unit. During AV mode, using the AUX-IN jack connect other audio device and receive the signal to sound in the unit.
31. **VIDEO IN/OUT**: Uses the AV cord to connect TV video in and send the signal to TV. During AV mode, using the AV cord connect TV video out and receive the signal to play in the unit.
32. **DC IN JACK**: Use DC IN JACK to connect power adapter or car adapter to provide power for player.

Installing a Battery in the Remote

**Warning**

There is danger of an explosion if you replace the battery incorrectly. Replace only with the same or equivalent battery.

To install or replace the battery:

1. Pull the battery tray out of the remote.
2. If you are replacing the battery, remove the old battery and dispose of it properly. Note the orientation of the + and - sides of the battery.
3. Insert the new battery into the battery tray, orienting it the same way the old battery was placed.
4. Close the battery tray.
iPod Adaptors

- iPod Photo 40GB, 60GB
- iPod Color 60GB
- iPod Nano 1st Gen.
- iPod Nano 2nd Gen.
- iPod Mini

- iPod Photo 20GB
- iPod Color 30GB
- iPod 40GB
- iPod 3rd Gen. 10GB, 15GB, 20GB

- iPod 20GB
- iPod U2
- iPod Video 60GB
- iPod Video 30GB
UNPACKING

First inventory the contents of your Portable DVD player package:

If any item should be damaged or missing, please contact your dealer without delaying.

Keep the packaging materials, you may need them to transport your player in the future.

WARNING: Changes or modifications made to this equipment, not expressly approved by us or parties authorized by us will void all manufacture warranties.

Portable DVD Player x 1
RCA Cable x 1 pair
Li-Polymer Battery Pack x 1
Remote Control x 1
External Power Adapter x 1
Cigarette Lighter Adapter 1
Operating Manual 1
Stereo Headphone 1
Quick Starting Guide

1. Connecting to an External Power Source
   Connect the power adapter (supplied with the player) to the side input and to a wall outlet. Do not use any other device otherwise specified by your dealer.

2. Open the protective cover
   The cover opens to a maximum 135 degree only, so please do not try to open it any further.

3. Press the open button to open the disc cover

4. Inserting a DVD disc
   Align the center of the DVD disc with the center of the disc guide. Press gently down on the DVD to snap the disc into place, and then close the disc cover.

5. Slide the side power switch to ‘ON’.

6. Press the PLAY button on the player face
   In general, the DVD already inserted into the player will start reading automatically when power is turned on.

The DVD player will immediately start rendering the DVD program.
When you want to stop, press the STOP button, it will return to the power-on logo. To power off the unit, slide the ON/OFF switch.

Connecting to an External Power Source

USING THE CAR ADAPTER

Plug the small end of the car adapter into the DC IN jack and then plug the other end into the cigarette lighter socket. This indicator lights when the power is on.

HOW TO USE DC IN JACK

Use DC IN JACK to connect power adapter or car adapter to provide power for player.
Quick Starting Guide

**Connecting to a TV**

Step 1: connect the audio cables to AUDIO IN/OUT of the DVD player.
Step 2: connect the yellow cable to the VIDEO IN/OUT on the side of your player.

**CONNECTING HEADPHONES**

1. Connect the headphones.
   Headphones with a 3.5 mm stereo plug can be connected.

2. Adjust the volume by VOL – / VOL +.
Quick Starting Guide

SYSTEM CONNECTION

Use audio cable (Red / White), video cable (Yellow) to connect from player to TV set and amplifier.

CONNECT THE PLAYER TO TV SET BY AUDIO / AV CABLE

Use audio cable (Red / White), video cable (Yellow) to connect the player and TV set.

CONNECT OTHER MEDIA TO THE PLAYER

Use audio cable (Red / White), video cable (Yellow) to connect from other media to player.

DVD SETUP

Press “SETUP” on remote control and go into DVD setup

Press Enter and use the navigations key on remote control to select the OSD language then press Enter to confirm.
Press Enter and use the navigations key on remote control to select the disc language then press Enter to confirm.

Press Enter and use navigations key on remote control to select the audio channel language then press Enter to confirm.

Press Enter and use navigations key on remote control to select the subtitle language then press Enter to confirm.

Press Enter and use navigations key on remote control to select the version to display the unit software version then press Enter to confirm.
Quick Starting Guide

Language
OSD > Disc > Audio > Subtitle > Version >
Reset > Restore

Press Enter and use navigation key on remote control to select the Reset to restore the factory default setting then press Enter to confirm.

Display
TV display > Pause Mode > Message > Black Level >

Press Enter and use navigations key “Right” on remote control to select the Display mode then press Enter to confirm.

Press Enter and use navigations key on remote control to select the TV display to choose the screen output then press Enter to confirm.

Press Enter and use navigation key on Pause Mode to select which method to pause then press Enter to confirm.

Press Enter and use navigations key on 3D/EQ to select which EQ and 3D sound to perform in the unit then press Enter to confirm.
Quick Starting Guide

Playing Back a Disc

1. Press TITLE to access the menu screen.

2. Press or the number buttons to select the title.

3. Press the ENTER or PLAY button.

The DVD video player will start playback from the title selected.

Note:
You also can input the assigned number of the title to select it directly

HOW TO PAUSE PLAYBACK (STILL PLAYBACK)

Press the PAUSE once during playback.

The player is pause mode.

Press the STOP button.
The player is stopped

FAST FORWARD & REWIND

You can playback a disc at 2x, 4x, 8x, 16x or 32x the normal speed for fast forward or rewind.

Press the REV or FWD button during playback.
The playback speed becomes double the normal speed.
The playback speed changes, each time you press the REV or FWD button.
TO RESUME NORMAL PLAYBACK. Press PLAY.

Press the SLOW button during playback
The playback speed becomes 1/2, 1/4, 1/8, or 1/16 of the normal speed each time you press the SLOW button.

TO RESUME NORMAL PLAYBACK. Press PLAY.
Quick Starting Guide

LOCATING A TITLE USING THE TITLE MENU

You can locate a specific title using the title menu function, if a DVD video disc contains a title menu.

1. **Press the TITLE button**
   On the LCD or TV screen, the title menu will appear.

2. **Press the button to select the title you want.**
   You can also directly locate a specific title by pressing its assigned number with the number buttons.

3. **Press the PLAY button**
   This will cause the DVD video player to start play back from chapter 1 of the title selected.

You also can use skip buttons to select a title or track desired:
Press or button repeatedly till the one displays.

HOW TO REPEAT A TITLE, CHAPTER, OR DISC

During normal playback, press the REPEAT button (set shift on).
The repeat mode changes, each time you press the REPEAT button.
Quick Starting Guide

**Zooming a Picture**

This DVD video player allows you to zoom into a picture as well as shift the zoom point.

Press ZOOM during normal playback or slow-motion. (To use the ZOOM button, it should be set ‘SHIFT ON’ by pressing SHIFT.)

The player magnifies in the center of the picture. If you press during zoom playback, the zoom point shifts.

To cancel the zoom function, press ZOOM again.

**Selecting Subtitles**

**HOW TO DISPLAY SUBTITLES**
You have the option to select a preferred subtitle from those included on the DVD video disc.

Press the SUBTITLE button during playback.

To TURN OFF the subtitles.

Press the SUBTITLE during playback until the subtitles disappear.

**Using the On-Screen Display**

THIS UNIT ALLOWS YOU TO VIEW THE OPERATIONAL STATUS AND DISC INFORMATION ON YOUR TV SCREEN.

With this function you can view on your TV the following:
- Current title
- Track number
- Total playing time

Press the OSD during playback to turn on the ON SCREEN DISPLAY
Press it again to turn it off.
Quick Starting Guide

Selecting the Camera Angle

THIS DVD VIDEO PLAYER ALLOWS YOU TO SELECT FROM SEVERAL DIFFERENT ANGLES.

If the DVD video disc was recorded with multiple angles, you have the option to change the camera angle of the scene you are watching.

Press the ANGLE button while playing back a scene recorded with multiple angles (set shift on).
• You may only press the ANGLE button when the angle icon is flashing on the DVD display.
• Press the corresponding number of your desired angle.

To Playback iPod

Lift the Dock Release button. Locate the correct holder to use as shown on page 10. Insert the holder onto the dock and slip the side tabs into place. Insert the iPod onto the holder. Gently push down so the connector on the iPod slides onto the connector on the unit. Press the edge area of the holder down gently (as shown) until it clicks into place. Once you connect the iPod, it will start charging the battery until it is full. (The iPod can charge only when the unit is connected with the AC adapter.) With an iPod connected, turn the unit on by slide the Power button (if it is not on already);

Operate the iPod as per its owner’s manual.

For music selections, the sound will be heard through the unit speakers. For photo selections, the image will be seen on the unit screen. For video selections, the sound will be heard through the unit speakers and the image will be seen on the TFT screen.

Make sure to go into the Settings menu of your iPod and set the TV Out setting to ON and set the TV Signal to NTSC; otherwise, you may not be able to view the videos/ photos on your external TV.
• The photo and video selections are for iPod with video (5th generation). The photo selection is also suitable for iPod photo.
Quick Starting Guide

When done, slide the Power button to OFF and also turn off the iPod.

With the unit on, press the TFT MENU button on the remote
The menu will appear. To adjust the Brightness,
Contrast, Sharpness, Color, Hue or Reset
select the desired option by using the navigation button on the remote control.
Then adjust the option by pressing the -/+ (Volume/Setting)
Followed by the TFT MENU button again.

To adjust the Screen Mode, press the WIDE Button.
Then select between 16:9 (Wide Screen) and 4:3 (Pan Scan: video material formatted in
this style is played back with the left and right edges cut off)

Rechargeable Battery Installation & Use

INSTALLING & REMOVING THE BATTERY PACK

1. Make sure the unit is powered off and unplugged.

2. Attach the battery pack to the outlet of the unit, push it forward align them with
each other till you hear a click sound.

Removing the Battery Pack

1. Make sure the unit is powered off and unplugged.

2. Pull the battery pack back ward while sliding the latch (at the bottom of the unit).
Quick Starting Guide

USE AND MAINTENANCE

THIS UNIT IS SUPPLIED WITH HIGHLY- EFFECTIVE RECHARGEABLE BATTERY (LI-POLYMER). SUCH BATTERY PACK A HIGH STORAGE CAPACITY AND LOW LEVEL OF DEGRADATION. THE LATTER MEANS THAT THE BATTERY CAN ALSO BE RECHARGED WHEN ONLY PARTLY SPENT.

Plug the AC adapter into the battery.
Please fully charge the battery prior to first use.

Rechargeable Battery Installation & Use

The provided battery can be recharged for about 300 times. It takes about 4-5 hours to recharge the battery, then the red indicator is put out. A fully charged battery can power the unit for about 2.5 hours. Power consumption depends on the operations of the player such as brightness of the screen, volume level, etc.

Recharge the battery when fully spent in order to maximize its life.
Never recharge the battery already fully charged.
Under no circumstance should you short out the battery, store it in a metal container, or leave it in a humid or damp environment. Store the battery in an airtight container if possible. Recharge effectiveness will degrade when environmental temperatures drop below 10 ºC or exceed 35 ºC.

Battery Storage

1. Storage Temperature and Humidity (Short - term)
   In a dry location with low humidity (Max.85%), no corrosive gases, at a temperature range of -20ºC to 45ºC.
   In a location where humidity is extremely high or with temperature below -20ºC or above 45ºC, the metallic parts of battery will rust and result in electrolyte leakage due to expansion or contraction in parts composed of organic materials.
Quick Starting Guide

2. **Long-term Storage (2 years, -20°C to 35°C)**
   As long-term storage can accelerate battery self-discharge and lead to the deactivation of reactants, locations where the temperature ranges between 10°C and 30°C are suitable for long-term storage.
   When charge for the first time after long-term storage, deactivation of reactants may have led to increased battery voltage and decreased battery capacity. Restore such batteries to original performance through repeating several cycles of charge and discharge.
   When storing battery for more than 1 year, charge at least once a year to prevent leakage and deterioration in performance due to self discharge. When using a rapid charger of voltage detection type, carry out charge and discharge at least once every 6 months.

**Note:**
To get the best performance, charge your battery for more than 12 hours at the first time after unpacking, and carry out 3 cycles of charge and discharge under proper conditions.

**Specifications**
- Power requirements: AC~100-240V, 50-60HzDC 12V, 1.5A
- Power consumption: 45W maximum
- Signal system: NTSC
- Operating temperature range: +5°C to +35°C
- Battery charging time: Approximately 4-5 hours
- Battery life (Fully charge): Approximately 2 1/2 hours

**Discs played:**
- DVD-VIDEO disc
- 12cm single-sided, single-layer
- 12cm single-sided, dual-layer
- 12cm double-sided, single-layer
- 8 cm single-sided, single-layer
- 8 cm single-sided, dual-layer
- 8 cm double-sided, single-layer.

**Compact disc**
- Compact disc 12cm disc
- 8 cm disc
LIMITED PRODUCT WARRANTY

This quality product is warranted to be free from manufacturer’s defects in material and workmanship, provided that the unit is used under the normal operating conditions intended by the manufacturer.

Should you have any problem with this product, please and it is highly recommended to visit our website at www.curtisint.com before you take any other steps as we have additional copies of instruction manuals, operating manuals and trouble shooting tips on our website which gives you the answer on most of the questions you could have in operating the unit.

TERMS OF WARRANTY

C.I. Service Dept. warrants this product to be free from defects in materials and workmanship for 1 year on parts and 90 days on labor.

Nothing within this warranty shall imply that C.I. will be responsible or liable for any damage to any items placed in this product, whether due to any defect of the product, or its use, whether proper or improper.

EXCLUSIONS

Save as herein provided, C.I. Service Dept. (Canada) or C.I. Service Dept. (USA), there are no other warranties, conditions, representations or guarantees, express or implied, made or intended by C.I. or its authorized distributors and all other warranties, conditions, representations or guarantees, including any warranties, conditions, representations or guarantees under any Sale of Goods Act or like legislation or statute is hereby expressly excluded. Save as herein provided, C.I. Service Dept. (Canada) or C.I. Service Dept. (USA), shall not be responsible for any damages to persons or property, including the unit itself, howsoever caused or any consequential damages arising from the malfunction of the unit and by the purchase of the unit, the purchaser does hereby agree to indemnify and save harmless C.I. from any claim for damages to persons or property caused by the unit.

TO OBTAIN REPAIRS UNDER THE TERMS OF THIS WARRANTY

1. The original purchaser must present a copy of the original bill of sale and the service warranty card.
2. Any alterations, abuse, misuse, battery corrosion or accidental damage voids the warranty.
3. The warranty does not cover cabinets and accessories.
4. No warranty or insurance contained or set out shall apply when damage or repair is caused by power failure; damage in transit or when moving the unit; improper power supply; use for commercial or industrial purposes; service calls resulting in customer education, etc.
5. The defective product should be mailed to:

   Canada
   C.I. Service Dept.
   315 Attwell Dr
   Toronto, Ontario
   M9W 5C1

   U.S.A
   C.I. Service Dept.
   181 Cooper Avenue
   Unit 104
   Tonawanda, N.Y.
   14150

   For service assistance and product information, please call: 1-800-968-9853.

   If mailing the product, the freight must be prepaid and a money order for $7.00 should be included to cover the cost of insurance and the return of the product.
6. C.I. reserves the right to repair or replace the parts which have become defective.
